Narrative budget questions:

1. If MCIC is funding less than 10% of the project, please specify which aspects or components of the project the Theme Fund will be used for.
2. Please identify the non-cash contributions that will be made by the local communities.

The **Government of Canada** now requires charitable organizations to provide more detail about their political activities. To fulfill our own obligations under this requirement, we require our MGMGP applicants to share what amount of the project funding is related to political activities.

A registered charity may pursue political activities only if the activities are non-partisan, related to its charitable purposes, and limited in extent. A **political activity** is defined as any activity that explicitly communicates to the public that a law, policy or decision of any level of government inside or outside Canada should be retained, opposed, or changed.

If you have questions about this requirement, please contact MCIC staff or ask the person in your organization who completes the charitable tax returns (Registered Charity Information Return T3010).

3. Are any of the funds requested from the MGMGP for this project intended for political activities, as defined above?
4. If yes, then please enter the amount: \$ _____

It is expected that your Public Engagement strategy will be more than inclusion of the project in a media release or newsletter.
