***Part C: Project Description***

*(This section addresses MCIC Principles #3 and #8)*

1. Identify the project's outcomes, activities and context:
  - a. What do you want to accomplish in this project (outputs/outcomes)? What are your main objectives? How will you accomplish these objectives (activities)?
  - b. What is the current situation of the problem you want to address (baseline information)? What indicators will you use to measure success of your project?

- c. What is your plan to make sure that your project is on track to achieve the targeted outputs/outcomes (monitoring)?
- d. Describe the role of your overseas partner(s) in identifying, planning, implementing, monitoring and evaluating this project.
- e. Describe the direct and indirect beneficiaries and how this project will benefit them.
- f. Is your project sustainable into the future or does it address a one-time need? Describe how this project will seek to address the root causes of poverty.
- g. If you have successfully received funding for a project in the past, how is it similar or different than the previous project?

You may use the following table as a guide to plan how you track your project outcomes against baseline information in the proposal. The table will help you align your project activities, indicators and outputs towards achieving the targeted outcomes. When you write the final report, you may consider reporting with information in the last column (Progress on Output) to reflect on the final outcomes of your project. For specific template for preparing final report, please look at the Guide.

Targeted Results/outcomes	Project activities	How do you know the project is successful? Or how you will measure success? (indicators)	What is existing situation? (baseline data)	Progress on output (for final report)

### ***Part G: Budget***

Please provide a detailed budget for your project using the template provided on our website (see separate excel MGMGP budget template). All budgets **must** meet the following criteria:

- Present your budget in Canadian Dollars
- Please show the whole budget for the project, not just the portion supported by the CSF
- CSF funds can only be used to support the **overseas portion of the project**
- Please add extra lines or categories where necessary
- **The Total Expenses line and the Total Revenues line must balance**

The **Government of Canada** now requires charitable organizations to provide detailed information about their political activities. To fulfill our own obligations under this requirement, we require our CSF applicants to share what amount of the project funding is related to political activities.

A registered charity may pursue political activities only if the activities are non-partisan, related to its charitable purposes, and limited in extent. A **political activity** is defined as any activity that explicitly communicates to the public that a law, policy or decision of any level of government inside or outside Canada should be retained, opposed, or changed.

If you have questions about this requirement, please contact MCIC staff or ask the person in your organization who completes the charitable tax returns (Registered Charity Information Return T3010).

1. Are any of the funds requested from the MCIC/MGMGP for this project intended for political activities, as defined above?
2. If yes, then please enter the amount: \$ \_\_\_\_\_
